

# WEBSITE DEVELOPMENT SERVICES

GDA Creative has been branding and marketing Silicon Valley companies since 1978. In 1995, during the early stages of the internet we expanded our design and programming staff to produce outstanding websites for our high-tech client base. Each of the sites developed have been carefully architected to create the greatest appeal to those visiting the site.

## GDA SERVICES INCLUDE

- Design and layout
- Full architecture planning
- Two-click maximum navigation
- Javascript and DHTML effects
- Rollovers and drop down menus
- In-depth HTML programming
- Custom themes for facelifts
- Site maintenance
- Site backup and mirroring
- Tracking and reporting software
- Custom forms

*Solid architecture keeps a website organized while giving the visitor a highly intuitive experience.*

## FLEXIBLE TO FIT THE CLIENT

GDA clearly understands the need for providing the correct services for each client. In initial meetings, GDA works with prospective clients to outline a process which will follow a consistent theme and complement the desired corporate or brand image goals.
